The company's work culture is often reflected in the work behavior of employees, so that companies that have a good and strong culture will have an impact on good performance by employees, which in turn will improve the company's overall performance. At the company CV. This Graphic House is a condition where employees become one of the important sources in the company, so with a good and structured 5R/S work culture, it will be able to help employees to increase their work commitment, also in the comfort of working in the layout of the room.
