

Abstract

Study independent is one of the programs from the independent campus. Study independent is a program from MSIB (Magang Studi Independen Bersertifikat). In the Study independent program this time the opportunity to study and join PT Lentera Bangsa Benderang or more precisely in Binar Academy by taking expertise in the field of UI/UX Designer. In taking UI/UX expertise in this binary, I get a lot of information new information that was previously unknown to me. Binar Academy provides very good facilities for students who are learning to understand areas of expertise and specialization that he took. Implementation of study activities This independent program starts in August 2022 – January 2023. Implementation and understanding in today's digital world is needed for the future. Because, the digital world is currently growing very rapidly. UI/UX design is very needed in the development stage of mobile applications, websites, and applications desktop
