

## **ABSTRACT**

*PT. Oviatech Prima Integra was founded in 2019 and is an IT consulting company engaged in application creation and development, software maintenance, system integration and consulting. PT. Oviatech Prima Integra is here to accompany Partners in achieving the benefits of implementing information technology and providing excellent service. Implementation of practical work at PT. Oviatech Prima Integra was implemented for three months where practical work participants acted as junior web developers on the PMS-PRASAAS application project which is an object assessment management application project based on the Standard Quality Control (SPM) business process in accordance with the regulations of the Ministry of Finance of the Republic of Indonesia Number 101/PMK. 01/2014 concerning Public Assessors. The scope of participants' work during work practice is creating non-business process features and improving UI/UX. The result of this practical work is that participants can understand the basics of web development, understand and deepen the concept of model, view, controller (MVC) and are able to work in teams and companies.*
