ABSTRACK

This independent study Internship aims or focuses on learning and understanding UI/UX Designers at Binar Academy. The implementation of independent study activities is carried out from February 2022 – July 2022. Binar Academy facilitates a better understanding of UI/UX implementation. The application of UI/UX design knowledge is currently needed in mobile application development. The mobile app offers an enhanced user experience with good design. The ideal balance of UI/UX design helps more and more users to download and use the app.

Keywords : Mobile Application, UI/UX Designer, Binar Academy, Travel Agent, Traveling.
