## **ABSTRACT**

Banyumas is one of the regencies in Central Java province and there is Mount Salmet at the northern end of this district. Banyumas regency has a variety of attractions that are visited by many local tourists and tourists outside Banyumas regency. Tourism object in Banyumas are categorized into several categories, it's natural tourism, artificial tourism, tourist villages, and others. In addition to various tourism object in Banyumas there are also many souvenir centers that provide a variety of culinary and also batik cloth typical of Banyumas. However, tourism object in Banyumas are still less explored by tourists from outside Banyumas due to minimal information facilities. For this reason, a dolanbanyumas website was built that can provide information about tourism in Banyumas district. The purpose of this website is to make it easier for people both inside Banyumas and outside Banyumas to get the information needed, such as the location of tourism object, lodging places, souvenir centers, and services that provide travel packages.
