<b>ARTICLE INFO</b> <p><b>Article history:</b> Received 30 November 2022 Revised 16 March 2023 Accepted 13 April 2023 Available online 26 June 2023</p> <p><b>Keywords:</b> Company Profile Website Agile Method Scrum Model</p> <p><b>IEEE style in citing this article:</b> A. Firmansyah and B. P. Zen, "Company Profile Application System at PT. Powerkerto Wahyu Keprabon Using Scrum Method," <i>Journal of Innovation Information Technology and Application (JINITA)</i>, pp. 1–11, Jun. 2023.</p>	<b>ABSTRACT</b> <p>Company Profile is a document that serves to introduce a company in written form, containing information about the company's history, vision and mission, values, business objectives, and the products or services provided. PT. Powerkerto Wahyu Keprabon, located in Purwokerto, currently does not have a company profile website, causing difficulties for the public in finding or obtaining information about the company's profile and activities. This has become one of the factors hindering the company's expansion of its target market. The researcher implemented the Agile Scrum method in developing the Company Profile application for PT. Powerkerto Wahyu Keprabon based on a website platform. The website for the company profile of PT. Powerkerto Wahyu Keprabon includes several features such as login/register, news/article section, job application for users, company profile, and a gallery showcasing company activities. The implementation of the website for PT. Powerkerto Wahyu Keprabon's company profile will make it easier for the public to get to know the company and learn about its services or products.</p>
